DETAILED ACTION

1. The Examiner has carefully considered Applicant's amendments and remarks filed on 4/8/2004. Applicants' amendments to claims 1 and 2 have been entered, but withdrawn for the reasons of not being directed to elected species as follows.

Election/Restrictions

2. Newly amended claims 1-10 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

It is noted that all the claims are now amended as non-elected Species (B): an adhesive film with an anti-static functional layer, whereas the original elected claims are directed an adhesive film with an anti-reflective functional layer (see Response filed 9/9/2002). In particular, in claim 1, lines 7-8, the phrase "conductive material" is clearly directed to Species (B) as an anti-static functional layer.

Since applicant has received an action on the merits for the originally elected invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-10 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

3. The reply filed on 4/8/2004 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The newly amended claims 1-10 are non-response amendments as being directed to non-elected invention. Since the

above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
